

ECOS

Number 13

August 1977

Husbanding our coal resources	3
Domestic animals gone bush	10
Greening up Sydney's outer fringe	19
Outlook—Light in murky waters	22
Spectrum—Cleaner effluents from wool-scouring mills— Insect migrant seen in city trees—Handling pesticides	26
Keeping watch on the world's air	28
Back box—Shrinking snow gums	32

Ecos describes CSIRO research findings of relevance to our environment. Related findings by other bodies are included where necessary to give perspective to CSIRO work.

Stories are based on reports, published research papers, and information obtained by interviewing scientists.

Technical inquiries should be sent to the CSIRO Divisions concerned. All other correspondence should be addressed to: Senior Writer, *Ecos*, P.O. Box 225, Dickson, A.C.T. 2602.

Subscriptions to *Ecos*: \$4.00 a year for four copies, post-free. Cheques should be sent to CSIRO Editorial and Publications Service, P.O. Box 89, East Melbourne, Vic., 3002. Organizations with environmental interests may apply to be placed on our free mailing list.

The two quarterlies *Ecos* and *Rural Research* and the bi-monthly *Industrial Research News* are produced by a writing group in CSIRO's Science Branch at Head Office.

Writing group: Brian Woodruff (senior writer), Andrew Bell, Kay Hindmarsh, Brian Lee, Robert Lehane, and James Lumbers.

Editorial assistance: Yvonne Roberts.

Designer: David Marshall.

Credits: The freelance writer Jane Ford contributed an article to this issue. Pictures came from the Australian Information Service, N.O.A.A., John Green, Nick Harvey, Sandra McIntosh, Ederic Slater, Colin Totterdell, Peter Tyler, David Whillas, and Jim Whitford. Other pictures came from the scientists and organizations mentioned in the stories.

Front cover: The colours and patterns of different types of coal as seen under the microscope.
