

ECOS

Number 26

November 1980

The small marsupials	3
Burning waste as it floats on air	10
Does the sun influence our weather?	13
Dung beetles get a little help from their friends	20
Sun power — how will the grids cope?	26
<i>Spectrum</i> — Quail study suggests hunting dates need review — Fighting tooth decay: new atoms for old	29
Letters	31
Back box — Tree rings are (sometimes) annual	32

Ecos describes CSIRO research findings of relevance to our environment and related findings by other researchers. Articles are based on reports, published papers, and information obtained by interviewing scientists.

Technical inquiries should be sent to the CSIRO Divisions concerned. All other correspondence should be addressed to: The Editor, *Ecos*, P.O. Box 225, Dickson, A.C.T. 2602.

Subscriptions to *Ecos*: \$5.00 a year for four copies, post-free. Single copies \$1.50 each. Cheques, payable to 'The Collector of Moneys, CSIRO', should be sent to CSIRO Editorial and Publications Service, c/o 9 Queens Road, Melbourne, Vic. 3004. Organizations with environmental interests may apply to be placed on our free mailing list.

Ecos is produced quarterly by the Science Communication Unit of CSIRO's Bureau of Scientific Services.

Editor: Robert Lehane

Staff writers: Andrew Bell and John Seymour

Designer: Ian Henderson

Editorial assistance: Yvonne Roberts

Secretarial assistance: Dorothy Cotterill

Cover: A very large solar flare (National Aeronautics and Space Administration photograph).

Credits: Pictures from Australian Information Service, Graeme Chapman, CSIRO Solar Observatory, Chris Dickman, John Featherstone, John Green, NASA, Pyrecon Pty Ltd, Marilyn Renfree, Ederic Slater, Andrew Smith, Graeme Suckling, Brian Weavers, and Graham Worboys. Pictures also came from scientists and organizations mentioned in the articles.
